List of Seminars/Workshops

A.Y.:2022-23

S.No.	Name of the Programme	Date	No. of Participants	Details of the Resource Person
1	A One Day Seminar on Importance of Intellectual Property Rights in Modern Global Economic Environment	12-08-2022	38	Dr. B. Prasada Rao, Professor, Department of MBA, Sri Sivani College of Engineering, Srikakulam District, Andhra Pradesh.
2	A One Day Seminar on R&D for the Future: Trends, Technologies and Tactics	16-09-2022	40	Dr. K. Ragini, Professor, R&D Cell, Bhimavaram Institute Of Engineering & Technology, Goraganamudi, A.P.
3	A One-Day Workshop On Lessons From Young Entrepreneurs.	21-10-2022	41	Dr. A. Kanthi, Young Entrepreneur, Surya softline solutions, Srikakulam, A.P
4	A One Day Seminar on Internet of Things (IoT) Innovations: IPR Considerations for ECE	11-11-2022	36	Mrs. Sagyan Swain, Associate Professor, ECE Department, Majhighariani institute of Technology & Science, Rayagada, Odisha
5	A one day Research seminar on "Renewable Energy Systems: R&D Strategies for EEE Innovations"	14-12-2022	32	Mr. Subhagya Pani, Associate Professor, EEE Department Majhighariani institute of Technology & Science, Rayagada, Odisha
6	A one day Seminar On "From Idea to IPO: The MBA Entrepreneur's Journey"	27-12-2022	25	Mr. Pritish Mohapatra, Assistant Professor, Majhighariani institute of Technology & Science, Rayagada, Odisha
7	A One-Day Research Seminar On "Fluid Dynamics and Its Applications in Mechanical Engineering"	16-02-2023	32	Dr. Hemalatha Somireddy, Assoc. Prof, Raghu Engineering College, Visakhapatnam.
8	A One-Day Research Seminar On "Software Development Best Practices: From Coding to Deployment"	25-03-2023	35	Mr. G.B. Raju, Dept. CSE, Gonna Institute Of Information Technology And Sciences, Aganampudi, VSP, Ap.
9	A One-Day Seminar on Wireless Communication Breakthroughs: Advancements in ECE R&D	26-04-2023	30	Dr. V. Suryanarayana, Associate Professor Dept. Of ECE, SSCE, Srikakulam.

PROGRAM REPORT

A One Day Seminar on Importance of Intellectual Property Rights in Modern Global Economic Environment has been conducted on **12th Aug 2022** in the Digital class Room of Block 3.

The following member is invited as Resource person for the seminar

Dr. B.Prasada Rao, Professor, Department of MBA, Sri Sivani College of Engineering, Srikakulam District, Andhra Pradesh.

Dr. V. Surya Narayana, Professor, Department of ECE is the coordinator of the program

The resource person explained about patent, copy right and trade mark

Patent is an exclusive right granted for an invention, which is a product or a process that provides a new way of doing something, or offers a new technical solution to a problem. Copyright is an exclusive right given to the author of the original literary, architectural, dramatic, musical and artistic works, cinematograph films, and sound recordings.

OBJECTIVES OF THE PROGRAM

The objective of the program is to bring awareness in the young technical minds to understand themselves knowledge and confident in research. Increase understanding about the significance of intellectual property rights in the current global economic landscape. To highlight the legal and ethical aspects of respecting and protecting intellectual property, such as patents, trademarks, copyrights, and trade secrets

OUTCOMES OF THE PROGRAM

All the students who have participated in **A one day seminar on Importance of Intellectual Property Rights in Modern Global Economic Environment** have felt free and realized the importance of intellectual property rights and very much enthusiastic to get them absorbed in research after completion of their studies.

Thirty-Eight students participated in the program.

About the Institution:

Sri Sivani College of Engineering (SSCE) is one of the colleges functioning under Sri Sivani Educational Society. SSCE is a pioneer in the field of engineering education in Srikakulam district (A.P). It was established in the year 2006 under the affiliation of JNT University, Vizianagaram and approved by AICTE, New Delhi. The college is UGC Recognition under 2(f) & 12(B) certified by ISO 9001:2015.

SSCE offers B.Tech programmes in E.E.E, E.C.E, C.S.E, Mechanical and Civil Engineering, besides PG programmes like M.C.A, M.B.A, M.Tech and Diploma programmes like E.E.E, Mechanical, and Civil Engineering as second shift.

The college has focused towards student centric learning atmosphere. The faculty is well qualified, experienced equipped with state of art technologies and dedicated to produce marketable products.

About the IPR CELL

The purpose of IPR cell is to facilitate, encourage, promote and safeguard scientific inquiry, research pursuits and the academic freedom of its faculty, researchers and students. IPR cell conducts activities to provide a clear understanding of the rights and responsibilities of the faculty, staff and students to protect their Intellectual Property rights generated through research work. IPR cell is working towards creating an innovative culture which fosters the creation of Intellectual Property and development of IPR at the college. The main objective of IPR cell is to create awareness and educate on Intellectual property rights (IPR) among faculty and students of the college. To advise and guide faculty and students on the importance of IPR. To conduct workshops, activities and training programs on IPR. To provide guidelines on applicable laws and regulations regarding IPR. To promote academic freedom and safeguard the interests of inventor in creation and commercialization of intellectual property with legal support wherever necessary. To create an environment for acquiring new knowledge through innovation, develop an attitude of prudent IP management practices and promote an IPR culture compatible with the education mission of the institute.

A ONE DAY SEMINAR ON IMPORTANCE OF INTELLECTUAL PROPERTY RIGHTS IN A MODERN GLOBAL ECONOMIC ENVIRONMENT ON 12-08-2022

Organized by

IPR CELL

SRI SIVANI COLLEGE OF ENGINEERING (W)
(Under the Management of Sri Sivani Educational Society, Srikakulam)

(Approved by AICTE, New Delhi and Affiliated to JNTUGV, Vijaynagaram)

UGC Recognition under 2(f) & 12(B), ISO 9001:2015 Certified)

NH-16, Chilakapalem Jn., Srikakulam Dist - 532410

www.srisivani.com

Objective :

The objective of the seminar is to provide a comprehensive understanding of the importance of intellectual property rights.

Exploring emerging trends and challenges in intellectual property, considering technological advancements, globalization and evolving landscapes.

To highlight the legal and ethical aspects of respecting and protecting intellectual property, such as patents, trademarks, copyrights, and trade secrets

To empower students with the knowledge and skills necessary to navigate the complexities of patents and copyrights, contributing to a culture of responsible innovation and intellectual property management

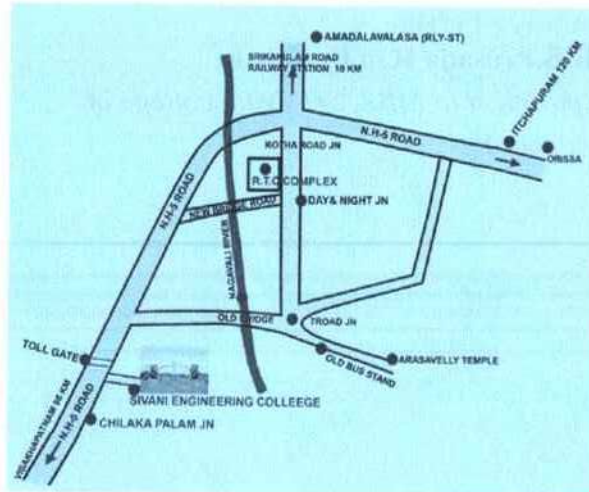

Expected Outcomes:

All the students who have participated in A one day seminar on "Contemporary issues in Intellectual Property Rights" have felt free and realized the importance of IPR and the program aims to create a positive impact on the students and the broader community, promoting a culture of responsible innovation and effective management of intellectual property rights. Students will acquire deeper understanding of the legal frameworks governing patents and copyrights, enabling them to navigate intellectual property issues more effectively.

PROGRAM REPORT

It is to inform that **A One Day Seminar on R&D for the Future: Trends, Technologies, and Tactics** on 16-09-2022 from 10 am to 4pm.

The following member is invited as Resource person for the seminar.

Dr. K. RAGINI, Professor, R&D cell, Bhimavaram Institute of Engineering & Technology, Goraganamudi, A.P.

Sri. Ch. Lokesh ,Asst.Professor, Dept. Of CIVIL act as the coordinator of the program.

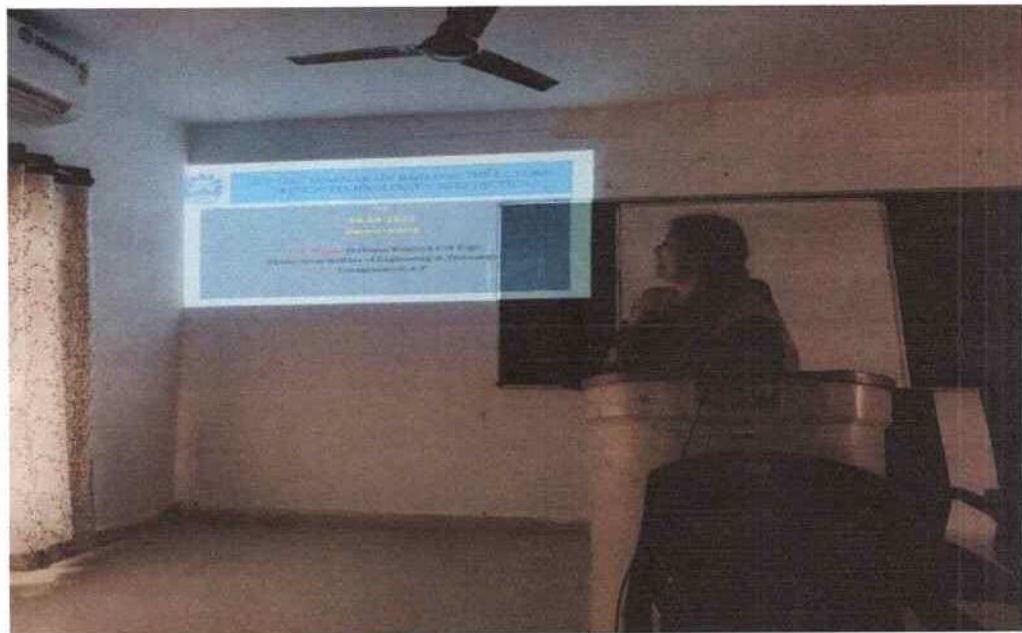

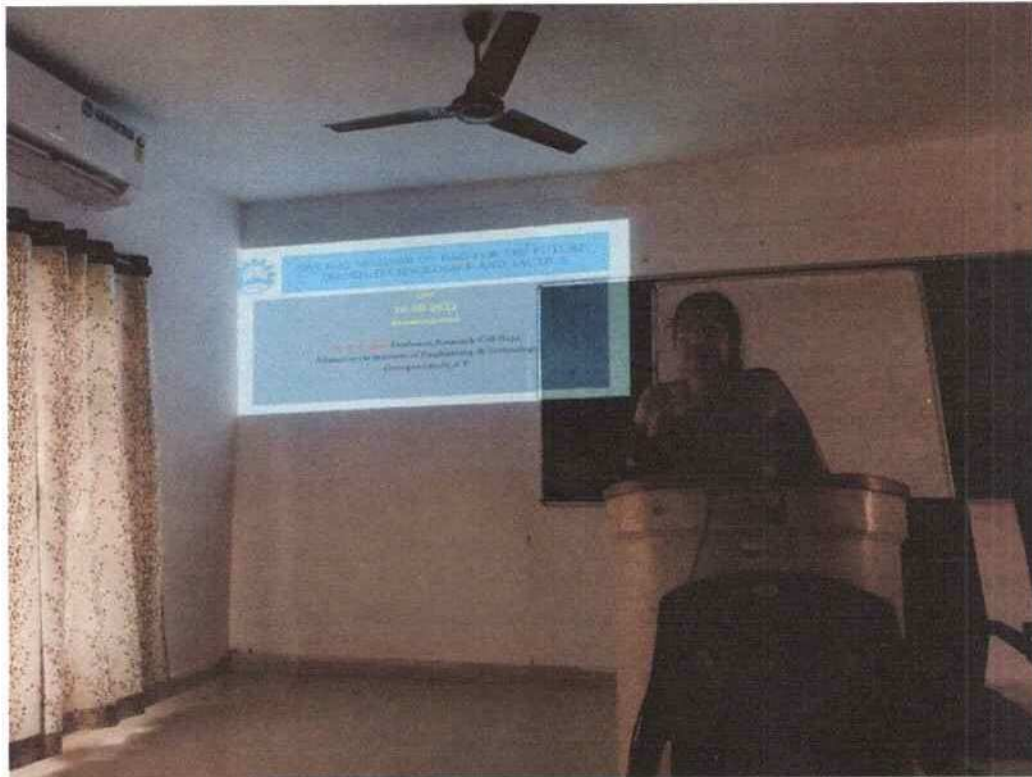

Eminent Resource person has expressed categorically the importance of intra and inter-institutional research collaborations.

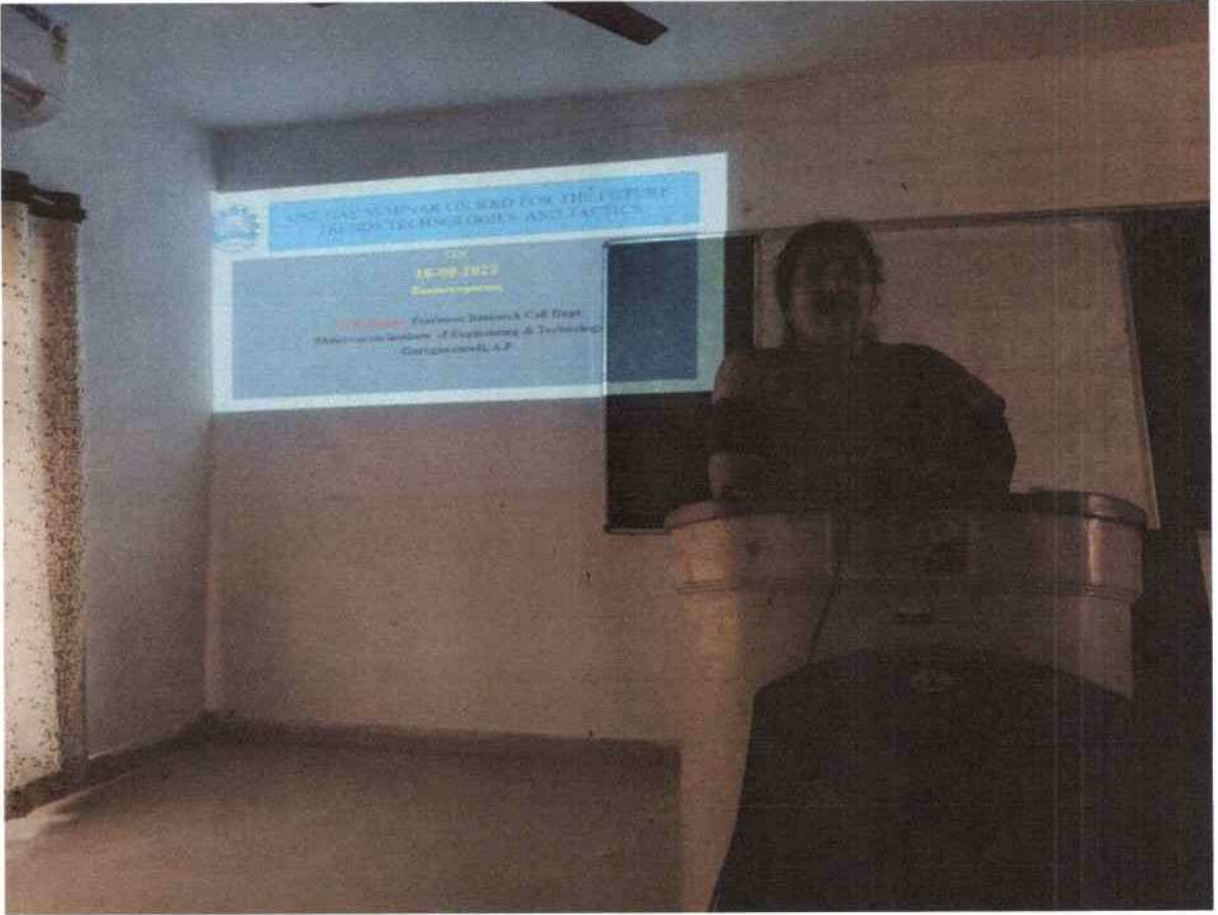

OBJECTIVES OF THE PROGRAM

R&D capabilities, the independent variable, refers to all capabilities required for a company to develop innovative products, including those related to the acquisition, use and practical application of technology and knowledge.

OUTCOMES OF THE PROGRAM

All the students who have participated in **A One Day Seminar on R&D for the Future: Trends, Technologies, and Tactics** have felt R&D strategy by carrying out a comprehensive research and development assessment. This should include analyzing the current industry trends, identifying areas of opportunity, and evaluating.

PROGRAM REPORT

Date:25/10/2022

This is to inform to all the students that the Dept of EDC Cell is going to conduct **A One-day Workshop on Lessons from Young Entrepreneurs.**

The following member is invited as a Resource person for the Workshop

Dr. A. Kanthi, Young Entrepreneur, Surya softline solutions, Srikakulam, A.P

highlighted the importance of taking inspiration from successful young Entrepreneurs.

The expert sessions covered various aspects of successful tips of Young Entrepreneurs:

- **Why Entrepreneurship?**

Entrepreneurship offers students the opportunity to develop essential skills such as creativity, leadership, and problem-solving. It fosters independence and prepares them for the ever-changing business landscape.

- **Identifying Opportunities:**

Successful young entrepreneurs have a keen eye for identifying market gaps and unmet needs. They leverage their passions and interests to create innovative solutions that resonate with their target audience.

- **Building a Strong Network:**

Establishing a supportive network is crucial for young entrepreneurs. They seek mentors, join entrepreneurial communities, and collaborate with likeminded individuals to gain valuable insights and expand their professional connections.

- **Overcoming Challenges:**

Entrepreneurship is not without its challenges. Young entrepreneurs must possess resilience and adaptability to overcome obstacles such as financial constraints, competition, and failure. They learn from setbacks and use them as stepping stones towards success.

All the Participants felt highly impressed and motivated of the seminar. They feel that it is a real time experience for them in participating in the seminar.

OBJECTIVES OF THE PROGRAM

The objective of the program is to bring awareness in the students about Nurturing young entrepreneurs requires providing them with a supportive environment, encouraging their creativity and resourcefulness, and instilling in them a growth mindset. By empowering students to embrace entrepreneurship, we pave the way for a future generation of successful business leaders.

OUTCOMES OF THE PROGRAM

All the students who are participate in the program have felt free and realised the importance of knowledge about Nurturing success in young entrepreneurship is a powerful way to shape the future. By equipping students with the necessary skills, mindset, and support, we can inspire them to become innovative business leaders who drive positive change in the world.

PROGRAM REPORT

A One day seminar on Internet of Things (IOT) Innovations: IPR Considerations for ECE has been conducted on 11th Nov 2022 in the Digital Hall of H&BS department.

The following member is invited as Resource person for the seminar

Mrs. Sagyan Swain, Associate Professor, Majhighariani Institute of Technology And Science, Rayagada, Odisha.

Dr.B. Prasada Rao, Professor, Department of MBA is the coordinator of the program

Eminent Resource person has expressed categorically the importance, day to day usage in life regarding the subject. All the participants felt highly impressed and motivated of the Seminar. They expressed their interest and realized the importance of the Seminar. They feel that it is a real time experience for them in participating in the Seminar.

OBJECTIVES OF THE PROGRAM

The objective of the program is to bring awareness about the interplay between open-source technologies and internet of things, emphasizing the implications for IPR. Address the critical issues of data privacy and security in Internet of Things. Familiarize students with the legal frameworks and regulations governing Internet of Things innovations, highlighting compliance requirements and risk mitigation strategies.

OUTCOMES OF THE PROGRAM

All the students who have participated in **A One day seminar on Internet of Things (IOT) Innovations: IPR Considerations for ECE** empowered with a comprehensive understanding of IPR considerations, students will be better positioned to make informed decisions in the development and deployment of IoT technologies in ECE. The hands-on seminar will equip students with the practical skills in drafting patents, enhancing their ability to protect and leverage IoT innovations.

Thirty six students participated in the program.

About the IPR CELL

The purpose of IPR cell is to facilitate, encourage, promote and safeguard scientific inquiry, research pursuits and the academic freedom of its faculty, researchers and students. IPR cell conducts activities to provide a clear understanding of the rights and responsibilities of the faculty, staff and students to protect their Intellectual Property rights generated through research work. IPR cell is working towards creating an innovative culture which fosters the creation of Intellectual Property and development of IPR at the college. The main objective of IPR cell is to create awareness and educate on Intellectual property rights (IPR) among faculty and students of the college. To advice and guide faculty and students on the importance of IPR. To conduct workshops, activities and training programs on IPR. To provide guidelines on applicable laws and regulations regarding IPR. To promote academic freedom and safeguard the interests of inventor in creation and commercialization of intellectual property with legal support wherever necessary. To create an environment for acquiring new knowledge through innovation, develop an attitude of prudent IP management practices and promote an IPR culture compatible with the education mission of the institute.

PROGRAM REPORT

This is to inform that **A One Day On Research Seminar On Renewable Energy Systems: R&D Strategies for EEE Innovations** has been conducted on 14th December 2022 [10am to 4pm] in the Digital hall of H&BS department.

The following member is invited as a Resource person for the seminar.

Mr. S. Subhagya Pani, Assoc. Professor, EEE Dept. Majhighariani institute of technology and science, Rayaghada, 765017, Odisha.

Dr. Kanthi, Assoc. Professor, Department of EEE is the coordinator of the program.

All the students felt impressed and motivated much of the Seminar. They expressed their interest and realized the importance of the Seminar. They feel that it is a real time experience for them in participating in the Seminar.

OBJECTIVES OF THE PROGRAM

The objective of the program is to bring awareness in the young technical minds to understand themselves knowledge and confident in Researchers and professionals in the field can share and disseminate the latest knowledge, findings, and advancements in renewable energy systems and EEE Innovations.

OUTCOMES OF THE PROGRAM

All the students who have participated in **A One Day On Research Seminar On Renewable Energy Systems: R&D Strategies for EEE Innovations** have involved very much and enthusiastic to get them absorbed in research after completion of their studies, Presentations on R&D strategies for EEE innovations can inspire participants to adopt innovative approaches in their research work. Speakers can share successful case studies, methodologies, and best practices, encouraging a culture of continuous improvement and creativity in the renewable energy research community.

In this program thirty-two students participated.

A ONE DAY ON RESEARCH SEMINAR ON RENEWABLE ENERGY SYSTEMS: R&D STRATEGIES FOR EEE INNOVATIONS

ON
14th December 2022.

ORGANIZED BY
DEPARTMENT OF R&D CELL

SRI SIVANI COLLEGE OF ENGINEERING
(Under the Management of Sri Sivani Educational Society,
Srikakulam)

(Approved by AICTE, New Delhi and Affiliated to JNTUGV,
Vizianagaram-CC-Wb)

UGC Recognition under 2(f) & 12(B), ISO 9001:2015
Certified)

NH-16, Chilkapalem In, Srikakulam Dist, Andhra Pradesh -
532410

www.srisivani.com

OBJECTIVE:

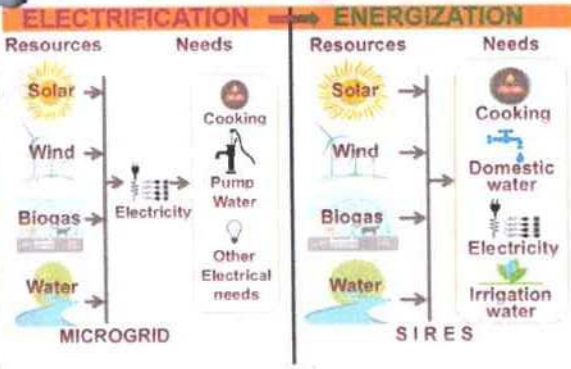

Organizing A One-Day Research Seminar On Renewable Energy Systems with A Focus On Research and Development (R&D) Strategies for Electrical and Electronic Engineering (EEE) Innovations Requires Well-Defined Objectives to Ensure a Successful and Meaningful Event. Here Are Some Potential Objectives for Such a Seminar

- Share The Latest Advancements and Breakthroughs in Renewable Energy Systems Within the Field of Electrical and Electronic Engineering.
- Disseminate Knowledge On Cutting-Edge Technologies, Methodologies, And Best Practices in Renewable Energy Research and Development.

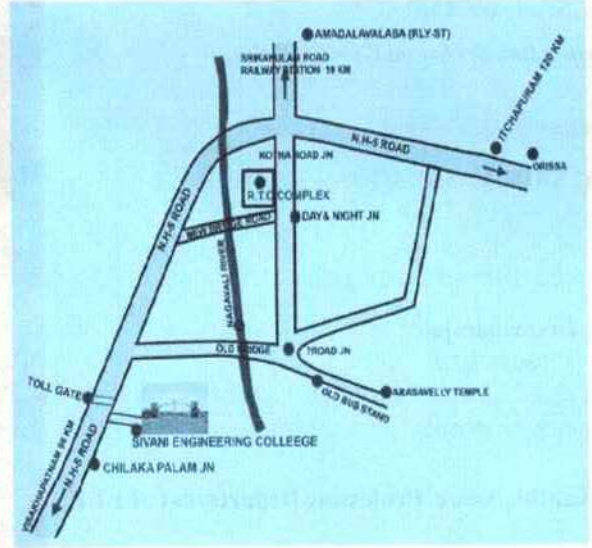

EXPECTED OUTCOMES:

All the students who will participate in *A One Day On Research Seminar On Renewable Energy Systems: R&D Strategies for EEE Innovations*. They Will Felt Free and Realized the Importance of Research and Very Much Enthusiastic to Get Them Absorbed in Research After Completion of Their Studies.

****SPOT REGISTRATION IS AVAILABLE****

PROGRAM REPORT

Date:29/12/2022

This is to inform to all the students that the Dept of EDC Cell is going to conduct **A One-day Seminar on "From Idea to IPO: The MBA Entrepreneurs journey"**

The following member is invited as a Resource person for the Workshop

Mr. Prithish Mohan, Asst.Professor, BSH Dept, Majhighariani Institute of Technology, Rayagada, Odisha.

highlighted the importance of taking inspiration from successful Entrepreneurs.

The expert sessions covered various aspects of successful tips of Entrepreneurs:

- **AS A NEW ENTREPRENEUR, WHAT PROMPTED YOU TO PURSUE AN MBA?**
Getting my MBA was the best way to build a foundation for the future. Without the leadership, management, and operational concepts I learned, my company would not have been able to grow into the profitable, sustainable business that it has become today. I had to get the MBA first in order to set the proper goals and direction of the business from day one.
- **WHAT HAS BEEN THE PRIMARY BENEFIT?**
An MBA helps you solve problems better. Your instructors do not hand you a blueprint on how to start an online mattress business, but when you are thinking about your marketing strategy, they ask: "How can you make it more efficient? What should you look at? What is worked in the past?" You just think through problems differently having gone through an MBA program
- **WHAT ADVICE DO YOU HAVE FOR WOULD-BE ENTREPRENEURS IN FINDING THEIR NICHE?**
Look for the things you can leverage—I would call them assets—that can help you become successful. My passion is being an entrepreneur and running a business. The mattresses came from the fact that I had a lot of assets that I could leverage and start the business that way. You

can follow your passion, but be careful to make sure your passions align with how you can be successful.

- **Overcoming Challenges:**

Entrepreneurship is not without its challenges. Entrepreneurs must possess resilience and adaptability to overcome obstacles such as financial constraints, competition, and failure. They learn from setbacks and use them as stepping stones towards success.

All the Participants felt highly impressed and motivated of the seminar. They feel that it is a real time experience for them in participating in the seminar.

OBJECTIVES OF THE PROGRAM

“Nobody is hiring people to sit in a cubicle and literally just to do what they’re told and process systems,” he says. “If they’re hiring an MBA, they expect them to be innovative and just as creative as they would be if they were running their own business.” The benefits of an MBA in entrepreneurship, agrees he says, are tangible and long-lasting for both intrapreneurs and entrepreneurs, founders, and employees.

OUTCOMES OF THE PROGRAM

All the students who are participate in the program have felt free and realised the importance of knowledge about Among other opportunities, They ask questions, hear stories, soak up knowledge and get inspired. Often, students collect business cards and follow up for advice or mentorship. MBA students also are encouraged to pitch ideas to entrepreneurs at one of the school’s Firestarter sessions. They get valuable feedback, which sometimes translates into actual support...

About the Institution:

Sri Sivani College of Engineering (SSCE) is one of the colleges functioning under Sri Sivani Educational Society. SSCE is a pioneer in the field of engineering education in Srikakulam district (A.P). It was established in the year 2006 under the affiliation of JNTU University, Gurajada Vizianagaram and approved by AICTE, New Delhi. The college is UGC Recognition under 2(f) & 12(B) certified by ISO 9001:2015.

SSCE is situated in a spacious 11 acres campus adjacent to NH-16 at chilkapalem village. The college is easily accessible to all the districts nearby Srikakulam.

SSCE offers B.Tech programmes in E.E.E, E.C.E, C.S.E, Mechanical and Civil Engineering, besides PG programmes M.C.A, M.B.A, MTech and Diploma programmes like E.E.E, Mechanical, and Civil Engineering as second shift.

SSCE is completely Wi-Fi enabled and equipped with well-established laboratories. The college has focused towards student centric learning atmosphere. The faculty is well qualified, experienced equipped with state of art technologies and dedicated to produce marketable products.

PROGRAM REPORT

It is to inform that **A One Day Research Seminar On "Fluid Dynamics and Its Applications in Mechanical Engineering"** on 16-02-2023 from 10am to 4pm

The following member is invited as Resource person for the seminar.

Dr. HEMALATHA SOMIREDDY, Assoc. Prof, Raghu Engineering College, Visakhapattanam.

Dr. S. Laxmanaraju, HOD of Mechanical Engineering is the coordinator of the program.

Very experienced resource person has expressed categorically the importance of intra and inter-institutional research collaborations.

OBJECTIVES OF THE PROGRAM

It used to lessen the amount of physical testing that must be done to validate a design and measure its performance. CFD is used to predict the drag, lift, noise, structural and thermal loads, combustion.

OUTCOMES OF THE PROGRAM

All the students who have participated in the seminar they learned that Fluid Dynamics can be applied in the following ways: Fluid dynamics is used to calculate the forces acting upon the aero plane. It is used to find the flow rates of material such as petroleum from pipelines.

PROGRAM REPORT

It is to inform that **A One-Day Research Seminar on "Software Development Best Practices: From Coding to Deployment "** on 25-03-2023 from 10 am to 4pm.

The following member is invited as Resource person for the seminar.

Mr. G.B. Raju, Dept. CSE, Gonna Institute of Information Technology and Sciences, Aganampudi, VSP, AP.

Dr. G.T. Chandrashekar, Professor, Dept. of EEE is the coordinator of the program.

All the participants felt highly impressed and motivated of the Seminar. They expressed their interest and realized the importance of the Seminar. They feel that it is a real time experience for them in participating in the Seminar.

OBJECTIVES OF THE PROGRAM

The objective of the program is during the Coding phase the design of the software system is translated into a programming language format which is used by a computer, this is the main objective of coding. The aim of the coding is to produce high quality system which can be performed in any situation.

OUTCOMES OF THE PROGRAM

All the students who have participated in **A One-Day Research Seminar on "Software Development Best Practices: From Coding to Deployment "** have felt that the four activities of analysis, design, implementation, and testing are the ones you will see most often in diagrams depicting the process model of software development.

In this programme thirty-five students are participated.

ABOUT THE INSTITUTION:

Sri Sivani College of Engineering (SSCE) is one of the colleges functioning under Sri Sivani Educational Society. SSCE is a pioneer in the field of engineering education in Srikakulam district (A.P). It was established in the year 2006 under the affiliation of JNT University, Kakinada and approved by AICTE, New Delhi. The college is UGC Recognition under 2(f) & 12(B) certified by ISO 9001:2015. SSCE is situated in a spacious 11 acres campus adjacent to NH-16 at chilkapalem village. The college is easily accessible to all the districts nearby Srikakulam.

SSCE offers B.Tech programs in E.E.E, E.C.E, C.S.E, Mechanical and Civil Engineering, besides PG programs, M.B.A, M.Tech and Diploma programs like E.E.E, Mechanical, and Civil Engineering as second shift.

SSCE is completely Wi-Fi enabled and equipped with well established laboratories. The college has focused towards student centric learning atmosphere. The faculty is well qualified, experienced equipped with state of art technologies and dedicated to produce marketable products.

Mr. G.B. Raju, *Asst. Prof Dept. CSE,*
Gonna Institute of Information Technology
and Sciences, Aganampudi, VSP, AP.

A ONE-DAY RESEARCH SEMINAR ON "SOFTWARE DEVELOPMENT BEST PRACTICES: FROM CODING TO DEPLOYMENT" ON 25-03-2023

ORGANIZED BY

DEPARTMENT OF R&D CELL

SRI SIVANI COLLEGE OF ENGINEERING
(Under the Management of Sri Sivani Educational Society,
Srikakulam)
(Approved by AICTE, New Delhi and Affiliated to JNTUGV,
Vizianagaram-CC-W6,
UGC Recognition under 2(f) & 12(B), ISO 9001:2015
Certified)
NH-16, Chilakapalem Jn., Srikakulam Dist. Andhra Pradesh -
532410

www.srisivani.com

OBJECTIVE:

- Deployment Checklist. Write Down Every Step Required to Deploy Code to Your Various Environments to Create a Checklist.
- Automate. When People Manually Perform Repeated Tasks, Errors Are Often Introduced by Mistake.
- Continuous Integration (CI)
- Separate Configuration Details.
- Testing Deployment.

EXPECTED OUTCOMES:

All the students who have participated *A One-Day Research Seminar on "Software Development Best Practices: From Coding to Deployment"* have felt free and realized the importance of research and very much enthusiastic to get them absorbed in research after completion of their studies.

*****SPOT REGISTRATION IS AVAILABLE*****

CIRCULAR

This is to inform to all the students that the R&D CELL is going to conduct **A One-Day Seminar on Wireless Communication Breakthroughs: Advancements in Ece R&D 26-04-2023** from **10am to 4pm**.

Sri. K.Vijaya Krishna, Asst. Prof, **Dept. of ECE** is the coordinator of the program.

All the students have to attend the seminar in the seminar hall of the ECE department at 9:30am with the proper dress code and with ID cards.

PROGRAM REPORT

Here by informed that **A One Day Seminar on Wireless Communication Breakthroughs: Advancements in ECE R&D** on 26-04-2023 from 10 am to 4pm.

The following member is invited as Resource person for the seminar.

Dr. V. Suryanarayana, Professor, Dept. of ECE.

Sri. Vijaya krishna, Asst. Prof, Dept. of ECE is the coordinator of the program.

Eminent Resource person has expressed categorically the importance of intra and inter-institutional research collaborations.

All the participants felt highly impressed and motivated of the Seminar. They expressed their interest and realized the importance of the Seminar. They feel that it is a real time experience for them in participating in the Seminar.

OBJECTIVES OF THE PROGRAM

The objective of the program is that the wireless technology helps easy accessibility as the remote areas where ground lines can't be properly laid, are being easily connected to the network. Example – In rural regions, online education is now possible. Educators no longer need to travel to far-flung areas to teach their lessons.

OUTCOMES OF THE PROGRAM

All the students who have participated in **A One Day Seminar on Wireless Communication Break throughs: Advancements in ECE R&D** have felt that the Electronics & Communication Engineering is a vast field of study encompassing the design, development, and maintenance of electronic devices and communication systems

In this programme thirty students have participated.
