PROGRAM REPORT

Name of the program : A Three Day training seminar on “**How to Score More in any Competitive Exams**”

Date(s) : 07-02-2019 to 9-02-2019.

Resource Person Details :

Name : Dr. B Prasada rao

Designation : Professor, MBA Dept.
SSCE, Chilakapalem

Place : 9912940557

Contact Number : prasadaraobondada@gmail.com

Mail Id :

The seminar commenced with expert speakers sharing valuable insights and tips for exam preparation. They emphasized the significance of comprehensive planning and setting realistic goals.

The speakers highlighted the importance of developing a systematic study schedule, allocating sufficient time to each subject, and focusing on strengthening weak areas. Furthermore, they emphasized the need for practicing with mock tests and previous years' question papers to become familiar with the exam pattern and build confidence. The speakers also stressed the importance of maintaining a calm and positive mindset during the examination, as well as utilizing effective time management techniques to ensure proper allocation of time to each question.

The seminar provided a platform for students to engage with the speakers, ask questions, and gain valuable guidance on effective exam strategies. Overall, the seminar proved to be an invaluable resource, equipping students with the necessary tools and techniques to score higher in competitive exams, thereby increasing their chances of success.

Number of Students Participated: 299

Resource Person and Details : Sri. S. Mani Mohan Trinath Sir, Gate/ESE Trainer, Ace Academy, Hyderabad, Telangana.

The Training and Placement Cell of Sri Sivani College of Engineering conducted three days training program on **“A Comprehensive Career Guidance for Engineers”** in seminar hall. This program was initiated by our principal Dr. B. Murali Krishna with his motivational speech.

To help aspiring engineers navigate the complexities of their career paths, the "Comprehensive Career Guidance for Engineers" program was initiated. This program is designed to provide engineers with a holistic approach to career development, finding job opportunities and industrial specific roles including software, finance and emerging technologies.

The program helps to personalize career assessments to participants, helping them identify their strengths, interests, and goals. It helps to find a wide range of resources for professional development, technical skill development and networking events with industry experts through Continuous Learning

Engineers are guided for career growth through resume building, interview preparation, and job search strategies, ensuring they are well-prepared for the job market. Furthermore, the program emphasizes the importance of Specialized and advanced roles stay updated with the latest advancements in their field. By offering this comprehensive guidance, the program aims to empower engineers to make informed career choices and excel in their professional journeys, ultimately contributing to innovation and progress in the engineering industry. The session ended with Vote of thanks by Training and Placement Officer.

Number of Participants: 374

Program Coordinator

Topics covered:

Day 1:

1. Job Opportunities for Technical Graduates

1.1 Industry-Specific Roles

- Various career paths in software development, data analysis, cybersecurity, network administration, and system engineering.
- Opportunities in sectors such as healthcare, finance, e-commerce, manufacturing, and energy.

1.2 Emerging Technologies

- Careers in emerging fields like artificial intelligence, machine learning, blockchain, cloud computing, and Internet of Things (IoT).
- Job prospects in virtual reality, augmented reality, robotics, and automation.

Day 2:

2. Professional Development for Technical Graduates

2.1 Continuous Learning and Skill Enhancement

- Importance of staying updated with the latest technological advancements through professional certifications, online courses, and workshops.
- Developing expertise in programming languages, data analysis tools, project management methodologies, and software development frameworks.

2.2 Soft Skills and Communication

- Enhancing interpersonal skills, teamwork, and effective communication to collaborate with cross-functional teams.
- Developing leadership abilities, adaptability, problem-solving skills, and critical thinking for career progression.

Day 3:

3. Career Growth and Advancement in Technical Fields

3.1 Specializations and Advanced Roles

- Opportunities for specialization in areas such as data science, cloud architecture, cyber security and design.
- Advancement to roles like technical lead, project manager, systems architect, technology consultant, or CTO.

3.2 Entrepreneurship and Startups

- Starting a tech-based startup and becoming an entrepreneur in fields like software development, app development, or digital marketing.
- Challenges and rewards of building a business, attracting investments, and scaling a startup in the technology industry.

Outcomes

1. **Informed Career Path:** Comprehensive career guidance enables engineers to make informed decisions about their career paths by providing them with insights into different engineering disciplines, industries, and job opportunities.
2. **Enhanced Professional Development:** Career guidance equips engineers with the necessary skills, certifications, and resources to enhance their professional development, making them more competitive in the job market and increasing their chances of career advancement.
3. **Increased Job Satisfaction:** With guidance and support, engineers can align their career choices with their interests, values, and strengths, leading to greater job satisfaction and fulfillment in their engineering careers.
4. **Successful Transitions and Adaptability:** Career guidance helps engineers navigate career transitions, whether it's transitioning to a new job, industry, or pursuing entrepreneurship, by providing them with strategies, resources, and support to navigate change successfully.
