Library:

We have an excellent library in the college and we add more e-learning resources for the benefit of the students and faculty. We are using full fledged technical systems software at present. It is also updating timely. The newer e-learning resources like journals, etc are identified and subscribed taking into account the recommendation of the library advisory committee. Recommendations of the faculty and student are taken into consideration while subscribing to these resources. The central library of the college maintains the old examination papers.

Finance and Accounts:

The Tally software is very popular accounting software. It is used to simplify the complex day to day accounts activities. It provides many advantages like maintaining records, managing accounts, payables, receivables and cheques. The salary accounts, EPF statements, medical insurances are well maintained with the e-accounts in the institution. Proper security measures are being taken for maintaining confidentiality of the transactions. The internal and external financial audits are conducted every year which is well maintained by e-accounts with all e-payments and e-collections.
